Upcoming Week Reminders:

Monday	December 16	PE/ Christmas program
Tuesday	December 17	Memory/ Best Christmas Pageant Ever
Wednesday	December 18	Chapel
Thursday	December 19	Library
Friday	December 20	11:45 dismissal

*Please notice that there is a math packet in the folder. Please complete and return by Friday. This takes the place of math facts and serves as extra practice on what we have currently been working on in math.

***Christmas Program:** Please dress in church clothes. If you are in the 4:15 service your second grader may stay in my room after school. If you are in the 6:00 service, please meet in my room at 5:45.

***Supplies:** This is the time of year when supplies start to get low! Please check with your second grader as to what they need replenished.

Literacy

This week we learned about one of God's amazing creatures, reindeer. With the use of mini fact cards, we were detectives and found answers to several questions relating to habitat, what they eat, physical appearance, migration, and adaptations for the cold weather.

Math

Two digit addition with and without regrouping was the main focus for the week. There is extra practice on this skill in your folder. It would be wise to double check your second grader's work to make sure they are regrouping when needed and that they are starting in the ones place.

Science

We completed the mountain habitat which we started last week.

Religion

In order to get to the Christmas story, we read several stories this week! Two of the stories, Jonah and Nehemiah, show us that there are consequences for our sin, but God helps us rebuild our relationship with Him and others through the Word. We also read that God promised Abraham that the entire world would be blessed by a Savior. The last story was about the foretelling of the birth of John the Baptist.

Art

Shhh....it's a surprise! We also worked on our Knight's of Columbus poster.
